

SMARTTRAIN CHEMICAL SAFETY

AQF LEVEL 2

▶ **Nominal duration 1 day**

▶ **Maximum number of attendees per course is limited to 14**

Successful participants will receive a wallet sized course card/license and a certificate

▶ **Venue**

On site at client premises or at a CTC venue

▶ **Target Group**

The main target group for this competency based training course are those personnel who work under supervision to apply chemical

pesticides using hand operated equipment with ready to use products and solutions of diluted pesticides (i.e. people who are not required to calculate correct mixing ratios, calibrate equipment, or determine where and when to apply the pesticides).

This course is not suitable for people who are required to work alone or without supervision – AQF 3 level training is required by these people.

COURSE CONTENT

1. Safety at work
2. Chemicals and the law
3. Chemicals and the environment
4. Reading labels and MSDS
5. Personal safety with chemicals
6. Using chemicals
7. Calibration
8. Residues
9. Record keeping

COMPETENCY ASSESSMENT

Attendees will need to participate in discussions and activities, complete oral and written questioning and complete practical demonstrations to show their competence in: -

- Interpreting labels and MSDS
- Following instructions to check and maintain hand operated application and personal protective equipment
- Using hand operated application and personal protective equipment
- Applying chemicals using hand operated equipment
- Following instructions to empty and clean equipment and containers according to directions
- Completing chemical records to the appropriate level
