

BASIC RISK ASSESSMENT IN THE WORKPLACE

(RISK ASSESSMENT FACILITATOR)

▶ **Nominal duration** 1 day

▶ **Maximum number of attendees per course is limited to 15**

Successful participants will receive a Statement of Attainment for partial completion of PRM40504 Cert IV in Asset Maintenance (Waste Management) and a wallet sized course card

▶ **Venue**

On site at client premises or at a CTC venue

▶ **Target Group**

The main target group for this competency based training course are those personnel who are responsible for facilitating risk assessments at work.

The aim of the course is to provide attendees with the knowledge and skills required to be able to carry out a basic risk assessment of a work related exposure to hazards in accordance with the NSW OH&S Regulation, using the methods and tools provided by CTC.

COURSE CONTENT

1. Legislation
2. The principles of risk assessment
3. The elements of hazard & risk management
4. The main steps in the risk assessment process
5. Hazard identification
6. Risk evaluation
7. Controls
8. Implementation

COMPETENCY ASSESSMENT

Attendees will need to participate in discussions and activities, complete oral and written questioning and complete an actual work related risk assessment to show their competence in:

- Identifying hazards
- Evaluating risks
- Determining control measures in accordance with the hierarchy of controls
- Recording the risk assessment process

Be Smart. Be Safe.
