

SAFE WORKING IN CONFINED SPACES

▶ Nominal duration 3 days

▶ Maximum number of attendees per course is limited to 10

Successful participants will receive a Statement of Attainment for partial completion of RII20109 Cert II in Resources and Infrastructure Work Preparation and a wallet sized course card

▶ Venue

On site at client premises or at a CTC venue (Warriewood, Emu Plains, Botany or Port Kembla)

▶ Target Group

All persons who manage, supervise and/or work in or on confined spaces.

The aim of the course is to provide attendees with training in all aspects of safe working in confined spaces in accordance with legislative requirements.

CTC will also work with client organisations to customise the training, taking into account the company procedures and other related training that the organisation undertakes to reduce duplication and in some cases, reduce or increase the duration of training.

COURSE CONTENT

1. Legislation
2. Confined spaces (definition, general hazards, personnel)
3. Atmospheres, gas detection equipment and atmosphere monitoring
4. Ventilation
5. Isolation
6. Communications
7. PPE & safety equipment
8. Fire prevention & protection
9. Emergency response (includes CPR awareness)
10. Hazard identification & risk assessment
11. Entry procedure and entry permit for working in or on confined spaces

COMPETENCY ASSESSMENT

Attendees will need to participate in discussions and activities, complete oral and written questioning and complete practical demonstrations to show their competence in: -

- Setting up/preparing for a confined space entry (selection, pre-use inspection and set up of equipment, isolation, allocation of roles and responsibilities)
- Working as a team to safely enter, carry out a specific task and exit a confined space (including completion of entry permit)
- Working as a team to react to a simulated emergency situation

Be Smart. Be Safe.
